

“PESCARC CARPFISHING” is the most important specimen carp angler magazine since its foundation on 1994. The incredible success of this magazine is strictly connected to the team of authors which includes all the most successful Continental and UK writers and anglers. From the very simple basic information to the latest “secret” boilies’ recipe, PESCARC CARPFISHING is the perfect magazine for beginners and experts. The latest fishing techniques, accurate product review, national and European fishing trips and a close cooperation with the national association Carp Fishing Italia, allow this magazine to be a milestone for the carp fishing lover community
