

“IL PESCATORE” is designed to be a didactic instrument for beginners and young freshwater fishing lovers. The simple and direct style of writing of each report, together with accurate photographic sequences, makes the magazine very useful for expert anglers too. The highly professional team of authors offers description of fishing trips with the most useful information such as facilities, maps, regulations and habits on private, day ticket, and open waters. “IL PESCATORE” also offers accurate product reviews and reports introducing the latest technical tips on fishing with artificial and natural baits.
